Dear Parents and teachers,

The year 2021 has almost completed etching its indelible mark in history. At this juncture, I would like to share a few thoughts with you all.

Light of Christmas shines all the brighter amid darkness of pandemic'.

Today, we are living in a world marked by the ecological crisis and grave economic and social imbalances only worsened by the coronavirus pandemic. As a consequence, the tragedy of hunger and thirst is increasing and an economic model based on individualism rather than on solidary sharing continues to prevail.

"Let us strive to form mature people, capable of overcoming fragmentation and rebuild the fabric of relationships for a more fraternal humanity." It is high time for us to view that education as an investment, rather than an expenditure, which is vital for "promoting integral human development."

"At this moment in history, it is all the more important for us to acknowledge one another as brothers and sisters. COVID has forced us to slow the growth of our relationships, locking ourselves in. On this Christmas, Jesus born in a Manger invites us to open up, to give our life, or part of it, to others" Pope Francis

"Christmas is the day that holds all time together." - Alexander Smith

Jesus loved children. So, on his birthday,

a smile from you could be the best gift you could give to all.

Then please smile!

I wish every family and each of you a very "Merry Christmas a Blessed year 2022" God is with us, has always been and will always be with us. Trust in Him in all circumstances. He will not fail you.
